- Wireframing & Prototyping
- User Research
- Interaction Design
- Storyboards
- Collaboration & Communication

TOOLS

- Figma
- Web flow
- Adobe Photoshop
- Canva

LANGUAGES

- Sinhala (Fluent)
- English (Basics)

PROFILE

I'm a university student passionate about designing user-friendly experiences. Through my studies and hands-on projects, I've honed my skills in wireframing, prototyping, and user research. I'm excited to apply these skills in real-world settings, contributing to creative solutions that improve how people interact with products, while continuing to grow as a designer.

PROJECTS

- Book Bridge** 2024
Book Donation UI/UX Design
 - The website facilitates the collection and distribution of books by offering a simple and user-friendly platform where donors can contribute books they no longer need.
- Quick Pay** 2024
E-Wallet
 - An app to make money transactions easily and quickly.
 - It can be used for online purchases, money transfers, bill payments, and even in-person transactions via mobile devices.
